

Saint Raphael the Archangel

The Guide

A weekly newsletter for the school community

Volume 5, Issue 18

January 19, 2017

From the Principal's Desk

Mrs. Kim Vangel

Dear St. Raphael School Families,

Hard to believe but another Open House for St. Raphael School is upon us. Next Sunday, January 29th you are all invited to come over to school following the 10am Mass and see some of the wonderful things happening in our classrooms. All of our teachers will be there, there will be lots of student work to view, and we will be giving school tours to prospective new families.

This Open House is our biggest day of marketing the school each year, and it takes the entire parish and school community to make it successful. **WE NEED YOUR HELP!** These are some of the things you can do to help us show our best selves on this important day:

- Talk to **EVERYONE** you know in the parishes whose schools are closing, and personally invite them to come to our Open House next Sunday from 11am to 3pm. We **MUST** try to make sure those folks know that SRA is the best school in South City and we are here to stay.
- Talk to **ANYONE** you know who might be interested in finding a school for their family, and personally invite them to our Open House. Talk to family, neighbors, friends, co-workers, business associates, people at the grocery store, people in the park...!
- **Come to Open House** with your family and plan to stay for a while. Visit your kids' classrooms and chat with teachers. Come down to the cafeteria to get your Registration Packet and stay for a while to enjoy some of Mrs. Ruggieri's famous chili and nachos. Pay attention to the prospective families coming down to the cafeteria and be friendly; invite them to come and sit with you, and make them feel **WELCOME!**
- Put an SRA Open House sign in your yard and/or neighborhood. We will have the signs available in the school office for you to pick up and display. We want to see them **EVERYWHERE!**
- When you see SRA postings on Facebook, please **SHARE** them - we can reach many more people that way!
- Most important, focus on the **POSITIVE!** No school is perfect including SRA, but we are **ALWAYS** striving for improvement. Think about why you send your kids to St. Raphael School and what makes it special for your family. That is the message and image we want to project!

Open House is just one component of marketing for our school, and I am pleased to tell you that there is a renewed spirit at SRA to promote our wonderful school. I would encourage us to look to another Catholic school for inspiration, one that is hands-down the master of marketing and branding, and that is the University of Notre Dame. Marketing and Branding and Notre Dame are 24/7 activities, and they are so intertwined with the culture of the school that you hardly realize that marketing is happening. It all starts there with an intense pride in the school. And as a parent of a recent Notre Dame graduate, I can tell you that it is most certainly NOT a perfect place, But the pride in being part of the Notre Dame family, and the belief that there is something greater at work there than merely classes and football - this is the magic that is Notre Dame. This pride and magic is evident in every building, every sign, every interaction with students and adults on campus...Welcome to Notre Dame; We're glad you're here; How can we help you today? Everyone looks and behaves their best. Visitors walk away feeling very lucky to have been at Notre Dame that day, understanding that it is indeed a special place, and they can't wait to return.

This very intentional branding is something that we can replicate at St. Raphael, on a smaller scale of course. We have much to be proud of at St. Raphael School. We are an active faith community, attending Mass 4 out of 5 days each week, with lively and engaging music at our Thursday Masses led by students. We are proud to continue the tradition of praying a decade of the Rosary each day after Mass, with the knowledge that this tradition was started as a way to pray for a fellow student and turned into a clear demonstration to students about the power of prayer. We are making academic gains in every subject area every single year as evidenced by our rising standardized test scores. We have scores of extra-curricular activities for all students, and we have active, busy classrooms with high academic expectations. And we are a happy, friendly school where we all know, love, and care for each other. That is the story we should be telling all the time. That is what we should be marketing and branding. And then our visitors to St. Raphael will feel very lucky to have been at SRA that day, understanding that SRA is indeed a special place, and they will feel like they can't wait to return.

Thanks in advance for your support at Open House next Sunday, and I look forward to seeing all of you there!

Peace,
Kim Vangel
Principal

New! * Again! * New! * Again! * New! * Again!

Gifted Resource Council's Saturday Learning Labs

Enrolling Now for the Winter 2017 Session:

February 4, 11, 18, 25 March 4, 11 9:30-11:00 & 11:10-12:40

"During the first half of the school year, the PTA raised \$680 from Box Tops and Shoparoo. Thank you to everyone who participated in these fundraisers! Please plan to join us for the most exciting fundraiser of the year - the annual PTA Trivia Night will be held on February 4th."hanks.

Catholic Schools Week is quickly approaching! On Thursday, February 2nd, the Service Club will be facilitating a "Day of Service" for students PreK-8th. The Service Club is asking for each student to contribute \$3 by **Wednesday, January 25th** to help fund supplies. During our Day of Service, students will be creating First Responder "Survival Kits", lunch bags for the homeless, and more! Please send your \$3 per student in an envelope marked **CSW Service Club**. We greatly appreciate your support in making this Day of Service and living out the mission of Christ a success!

Hello! My name is Grace and I am in Seventh Grade. For my Service Project this year, I am collecting aluminum tab tops which are the aluminum tops found on the tops of aluminum soda cans. These are for the Ronald McDonald House of St. Louis. The Ronald McDonald house helps those in faraway cities who are in need health care in St. Louis. It is also a place for families who need a place to stay near the hospital. The Ronald McDonald house takes the tabs to a recycling company and the recycling company gives back 100% of the money. I have set up some containers by the main office for you to drop off any donations you have. I will be doing this project from September 19th 2016 to March 19th 2017. Thank you for your generosity and remember to bring in your tab tops.

Daily Mass Time:
8:00am Grades K - 8
Monday - Thursday

Benediction 2:00pm
First Friday of the
month

READING ROCKS!

Get ready for the St. Raphael the Archangel School's Book Fair. Scholastic books will be available in our cafeteria. Opening Day is Open House, Sunday, January 29 from 11:00am - 3:00pm. Mrs. Franz will be selling books during lunch hours January 30 thru February 2. The LAST DAY is Friday, February 3 on Grandparent's Day from 9:00-12:00. Thank you for supporting our school.

Recess Update - Angela Cierpiot

The crazy Missouri weather threw our recess time into crazy changes. We've been bundling like Eskimos for outside. We also learned how to create heat in our muscles by exercising to warm up on the cold days. Then into the tropical heat of our gym for indoor days. We had fun dance parties and basketball to shake out the boredom. The kids have responded so well to all the switch-ups. See you at recess.

STUCO

January 4th - 27th - Winter Wonderwear! Please gather all your gently used coats, hats, scarves, and mittens, and bring them to school for Winter Wonderwear. St. Patrick's Center is particularly in need of New Underwear and gently used or new socks. Thanks!

January 29 - February 3 - Catholic Schools Week

Sunday, January 29 - 10:00 Mass and School Open House

Monday, January 30 - Parent Appreciation Day and Faith Formation Day

Tuesday, January 31 - Teacher Appreciation Day and Spelling Bee

Wednesday, February 1 - Student Appreciation Day and Family Group Trivia

Thursday, February 2 - Service Day

Friday, February 3 - Grandparents Day

Mrs. Diane Gewinner: Learning Consultant

A New Year full of possibilities!

Remember to replenish your child's school supplies and help them to keep being organized for school success!!

As we begin this New Year it is also a good time to be checking out the APPS that your child uses. This is the updated list of DANGEROUS APPS. This list was found on the website EDUCATEEMPOWERSKIDS.ORG.

TINDER	DOWN	BLENDER	KIK MESSENGER	WHISPER	AFTER SCHOOL	
YIK YAK	POOF	OMEGLE	SNAPCHAT	ASK.fm	VOXER	YOUNOW

Mrs. Caroline Zarinelli:

Headin' West

The Third Graders are headin' west studying the Oregon Trail of the 1840's through music and drama. They are learning about the Washington, Montana, Idaho, and Oregon territories and the challenges the pioneers had to face to get there. America and England agreed that Oregon would belong to the country that could get most of its people living in the new land. The students are learning how to build a fire in the prairie, what the pioneers ate, and how to make butter in a covered wagon. They are even going to have a hoe down!

Mrs. Peggy Martin: Physical Education & Art Grades Pk-3

This week in PE we are ice skating and playing hockey with wax paper skates. The students are having a great time, but finding out how difficult hockey can be. This is a fun way to slow them down and help them learn the mechanics of the game. The Preschool and Kindergarten will use the skates and sticks separately. Have a great week.

Mr. John Bruno: Physical Education—Grades 3-8

The students will continue with basketball skills. This week I will introduce a couple new activities that the students will hopefully enjoy. We will also work more in small groups that will give each student more repetitions. A lead-up game we began last week was enjoyed by all students who had the chance to participate.

As always, I will continue the first part of my class with some form of conditioning activities. I feel that conditioning activities are important for each student to help build up their stamina.

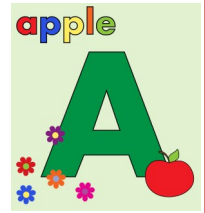

Mrs. Kim Westrich: Art

Second Grade students are looking at everyday items in a different way to express themselves through art. Students will be repurposing objects to make artworks. They will learn about gadget prints and found object artwork. We will discuss how to repurpose objects and why artists would use found objects to create art.

If you have any objects at home that we could repurpose for our art, please donate them to the art room. Objects such as, buttons, caps, straws, broken or old toys (**small**) make good artwork.

Miss Molly Preschool Room A

I hope everyone stayed safe during the ice storm and enjoyed some time off. In Preschool A we will be learning how to sort items and also do some A B patterns. We are sorting items such as fruit, shapes kangaroos and vehicles of transportation. To make some patterns we have used shapes, made ice cream cones and the tentacles of an octopus. We will also be learning about the letter A and use one of my favorite books, *Alphabet Mystery*. We will also use our alphabet center to help us with the Alphabet. Thank you and have a blessed day

Miss Chris Preschool Room B

Since our week was shortened last week due to the "ice storm" and we have a short week this week, we are continuing with our Ocean theme. The Bears have been extremely interested and passionate about exploring Ocean life, so we wanted to take their lead in continuing our exploration.

Kindergarten News: Miss Abby Morris & Mrs. Doyle

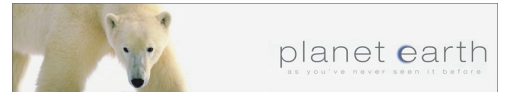

Hello SRA Community,

Yesterday, Kindergarten learned about Martin Luther King Junior. We continue to learn new things about shapes, place value and ways to build numbers. We are looking forward to Catholic Schools week!

First Grade News: Mrs. Louise Balicki-Smith

First Grade just finished learning about animal classification in Science. We are applying our knowledge of classification to the BBC Planet Earth series. Students are watching the series, selecting an animal, classifying and drawing it based on their learning. Additionally, students are working on a project at home to create an animal book filled with facts and examples of insects, amphibians, reptiles, mammals, fish and birds. Our brains are alive with Science!

Second Grade News: Miss Stephanie Amsler

This week Second Grade is working with words that have consonant digraphs (ch, th, sh, and wh). We know that consonant digraphs are two letters that work together to make one sound. We are also reviewing irregular plural nouns and then moving on to collective nouns. We will also begin reading more non-fiction text so we continue to build on our knowledge of comparing and contrasting two texts.

In Math we continue to work with three-digit numbers when adding. We are learning how to represent these numbers using base ten blocks and in expanded form. This will help us more clearly see how regrouping works with larger numbers. We also practiced some mental math by adding 1, 10 and 100 to a given three-digit number. The snow day last Friday caused us to alter our plans for receiving an indoor plant for our classroom. We are excited to have rescheduled the plant's arrival for this Friday. Stay tuned for updates about the progress of our indoor plant!

Third Grade News: Ms. Susan Polson

Third Grade is trying very hard to continue being role models for the Early Childhood Floor students. Some days they need reminders but they are rising to the occasion on other days. This Friday we are celebrating Pro-Life by being extra quiet in the halls and at school. It is our way of respecting life and paying our respect to the unborn. We have begun work on Unit 4 in English with descriptive adjectives and limiting adjectives. In Math we are working with three and six times tables. We know how important it is to memorize those basic facts so we can use our multiplication facts for story problems. We have already begun preparing for Grandparent's Day Mass on Friday, February 3!

Miss Patti Woods: Social Studies, Science, English (4-5)

The Fifth Graders took a wonderful trip to the Old Chain of Rocks Bridge for Eagle Days. We were able to see a few eagles in the wild, but we were also able to see two that were being rehabbed up close. They are such majestic symbols of our country. It was a great day! In Fifth Grade English we are working on capitalization and punctuation. We also did a lesson on interjections. In Social Studies we will be working on the processes of our government, such as the branches of our government and what they are responsible for. In Science, we are going to be reviewing all we learned about force and motion.

In Fourth Grade English we are focusing on adjectives. Our main area of study in Social Studies is the Louisiana Purchase and the Westward Expansion and how it has affected our country. In Science we are looking at force and motion, though not as in depth as with the Fifth Grade.

Miss Amanda Imo: Reading, Math (4-5)

Fifth Grade: In Religion the students have been studying the parts of the Mass. We have made it to the end and are focusing on the Concluding Rites. During Math the students are focusing on multiples, divisibility rules, exponents and factors all to help prepare for the upcoming chapters on fractions. The students read a section from one of Laura Ingalls Wilder famous books. We concentrated on finding the mood in the story and also how to draw conclusions.

Fourth Grade: The Fourth Graders are continuing their work with dividing large numbers. With practice, the students are getting much more efficient. During Reading the students are working with their story "The Turtle Who Wanted to Fly." This week they acted as if they were a play critic and wrote a review of the play.

Mrs. Christy Connor: Social Studies & Religion (6-7-8)**English:**

Students in Grades Six, Seven, and Eight will complete their study of different forms of sentences this week. They will then begin to learn about or review the kinds of nouns, including common, proper, compound, collect, concrete and abstract.

Social Studies:

Grade Six students are beginning a unit on the various African kingdoms of the past.

Grade Seven students are completing their study of the American Revolution and will begin to learn about the United States Constitution.

Grade Eight students will be completing their study of World War II. This will be followed by learning about the Cold War.

Mrs. Laura Berns: Science (6-7-8) Standard Math (6-7-8)
Miss Ashley Schaaf: Science (6-7-8) Challenge Math (6&7) Algebra 8

6th - 8th MATH

In challenge math this week...

Sixth Grade is finishing up chapter 4 over tables and graphs. They will take their test Wednesday, and will move on to Chapter 5 at the end of the week.

Seventh Grade is finishing up Chapter 5 over ratios and proportions. We will review and they will take their test on Thursday.

Eighth Grade is finishing up Chapter 7 over systems of equations and inequalities. We will be reviewing on Thursday and they will take the test next Monday.

In Standard Math this week...

Sixth Grade is wrapping-up our lesson on identifying geometric figures and is beginning to plot points on a coordinate plane.

Seventh Grade is finishing up solving and identifying proportional relationships. They will be moving on to similar figures and scale drawings.

Eighth Grade is continuing to solve systems of equations using substitution and elimination. We are finding that the Simple Solutions help pages are a great resource.

6th - 8th SCIENCE

Eighth Grade is finishing up Chapter 3 in Chemical Interactions. This covers acids, bases, and solutions. They will take their test on Wednesday and work on Science Fair at the end of the week.

Seventh Grade just completing a lab activity. They had to create a water filter using gravel, sand, charcoal, nylon, coffee filters, cotton and a water bottle. Check out St. Raphael's Facebook page for some fun pictures.

Sixth Grade is continuing to investigate different types of mammals. This week we are digging into reptiles and fishes.

Mrs. Jennifer Runiewicz: Literature (6-7-8)

Literature: Students continue to surge through our Holocaust novels. We are learning about the difficult decisions and situations surrounding the victims of the Holocaust and the character that was built in each person because of those situations. Please ask your student to share the stories of those they are learning about.

Vocabulary Workshop schedule should be taped/stapled to their vocabulary book cover or in their assignments books. I've also shared the schedule with each of them on Google Drive. Our Unit 9 spelling a vocabulary test will be Wednesday, February 1st.

Scholarship Programs for the 2017-18 School Year

Families have the opportunity to apply for all the scholarships listed below using the unified online application at no cost. To make the process easier for families and schools, one application is now being used for all scholarships funded by the Catholic Education Office, the Roman Catholic Foundation of Eastern Missouri, and the Today & Tomorrow Educational Foundation. The Scholarship Office at TTEF will review your application and determine if your family is eligible for any awards based on each program's guidelines and funding availability.

Scholarship	Description	Open to All Faiths
Alive! In Christ	For students of income-eligible families to attend any archdiocesan parish elementary school. Students of new families are eligible in grades K-4. Students of existing families are eligible in all grades. Scholarship is renewable through grade 8 and maximum award is \$2,000. FIRST COME – FIRST SERVED!	✓
Help for Today, Hope for Tomorrow	For students of income-eligible residents of the City of St. Louis to attend grades K-8 at any private or parochial elementary school in the City of St. Louis. Scholarship is renewable through grade 8 and award amount is based on tuition. Maximum award is \$2,000.	✓
Futures	Full scholarships for students of income-eligible families to attend grades K-8 at the following schools: Most Holy Trinity School & Academy, St. Cecilia School & Academy, St. Louis Catholic Academy, and St. Louis the King School. Scholarship is renewable through grade 8.	✓
<i>Beyond Sunday Elementary</i>	For students of middle-income families to attend grades K-8 at any Catholic elementary school (archdiocesan, parish, or private). Preference given to Catholic families registered in a parish of the Archdiocese of St. Louis. Scholarship is renewable through grade 8. Application period is open January 30 – February 28, 2017.	✓
<i>Beyond Sunday Fellows</i>	For students of middle-income families to attend grades 9-12 at any Catholic high school (archdiocesan, parish, or private). Preference given to Catholic families registered in a parish of the Archdiocese of St. Louis. Scholarship is renewable through grade 12 and all recipients participate in one faith experience and one service activity together. Application period is open January 30 – February 28, 2017.	✓
SOAR!	For students of income-eligible families who wish to attend grades K-12 at select Catholic elementary and high schools in the City of St. Louis and North Saint Louis County. Elementary scholarships are in the amount of \$3,800 and are renewable through grade 8. High school scholarships are renewable through grade 12 and the maximum award is \$4,000.	✓
Catholic Family Tuition Assistance	For students of income-eligible, registered Catholic families to attend grades K-12 at any archdiocesan or parish school.	
Parish Employees Endowment Fund	For students of income-eligible parish employees working 1,000 hours or more per year to attend grades K-12 at any archdiocesan or parish school.	✓

APPLICATION AVAILABLE JANUARY 30, 2017!
